CODE OF PERFORMANCE

To implement the LIUNA Code of performance adopted by LIUNA, the Employer agrees to designated discharges "for cause", when appropriate and to substantiate such cause if necessary in proceedings under the Code of Performance.

This clause is intended only to assist the Union in implementing its Code of performance, and a worker's only rights there under are in connection with future referrals under the Union's hiring hall procedures. This clause does not create any new or additional rights whatsoever for workers under this agreement, including not creating any new or additional right to reinstatement with or back pay from the Employer.

- (a) Should any Laborer referred for employment be terminated for cause as defined under the Laborers' Code of Performance, his or her referral privileges shall be suspended automatically for one month. Should the same individual be terminated for cause a second time within a twenty-four (24) month period, his or her hiring hall referral privileges shall be suspended automatically for six months. Should the same individual be terminated for cause a third time within a twenty-four (24) month period, his or her referral privileges shall automatically be suspended indefinitely (time period begins from the date of first discharge). A termination 'for

cause" under the Code is defined to include a termination for excessive absenteeism, excessive tardiness, insubordination, theft or lack of required skills. Lack of skills does not apply to apprentices.

- (b) A termination shall not be considered as "for cause" for purpose of this provision if the person referred for employment has filed a grievance challenging the propriety of his or her termination, unless and until the grievance is resolved in a manner that affirms the termination for cause. For the purpose of this provision, a decision of a designated panel or an arbitrator shall be final and binding.
 - (c) The provisions in subsections (a) and (b) notwithstanding, a Review Committee, composed of three (3) members appointed by the Business Manager of the District Council, may, upon written request of the applicant, vacate or reduce the period of suspension. **A request under this provision shall stay the commencement of suspension from referral unless and until the Committee decides otherwise.** The Committee's decision will be by majority vote and shall be based on all of the available evidence including, as appropriate, the circumstances of the termination, skills evaluations by third parties, the availability and need for additional training whether the applicant is an apprentice or journeyman member and such other factors as may be relevant. The Committee's decision shall rest in its sole and complete discretion
 - (d) The decision of the Committee will affect only the issue of eligibility for future referrals, and will not affect the termination unless all parties expressly consent to have that issue considered by it
 - (e) If dissatisfied with the decision by the Review Committee, the applicant may appeal the Committee's decision to an Independent Review Officer whose costs shall be paid by the International Union. The Independent Review Officer shall establish a procedure for expedited and prompt review of such appeals. Any appeal to the Independent Review Officer shall be filed by the applicant in writing within five (5) calendar days of time he/she has been notified of the Review Committee's decision and shall contain a brief statement of the issue/s. The decision of the Independent Review Officer shall be final and binding. A request for review under this provision does not affect the commencement or continuation of the suspension from referral unless and until the Independent Review Officer decides otherwise.
2. LIUNA Local Unions 32 and 727 of the Great Plains Laborers' District Council agrees to indemnify and save the Employer against any and all claims, demands, actions, damages, orders and decrees for the payment of any monies, including penalties and back wages, that may arise out of or by reason of action taken by or the failure to act by any of the afore mentioned Local Unions of the Great Plains Laborers' District Council when obligated to do so in connection with the provisions governing operations of the Union's Referral Office and Code of Performance.
